

MOHAMED AMMAR

Software Engineer

☎ +94 77 446 4661 ✉ ammarmhmd1881@gmail.com 🌐 GitHub 📄 LinkedIn 📁 portfolio 📍 Bandaragama, Sri Lanka

PROFESSIONAL SUMMARY

Motivated Software Engineering student with a strong foundation in **software development, full-stack web development, UI/UX design, and software analysis**. Developed academic projects, including a personal portfolio, delivery management system, e-commerce website, and interactive UI/UX prototypes using **HTML, CSS, JavaScript, C#, PHP, Python, SQL, and MySQL**. Eager to apply technical expertise in a professional environment, contribute to innovative software solutions, and continuously enhance skills in the software engineering field.

EDUCATION

Esoft UNI | Bambalapitiya Mar 2025 - Feb 2028
BSc (Hons) Computing Science in Software Engineering (TOP UP) – Kingston University (UK) CGPA : Pending

- Pursuing a BSc (Hons) Computing Science in Software Engineering Top-Up degree after completing the Pearson BTEC Level 5 HND in Computing modules.
- Developed practical knowledge in programming, software development, databases, data structures, algorithms, and systems analysis.
- Gained experience in UI/UX design, requirements analysis, application development, testing, and technical documentation.
- Strengthened problem-solving, research, teamwork, and project management skills through academic software projects.

Binzo College | Bandaragama Mar 2023 - Jun 2023
Web Design (WordPress) CGPA : Merit

- **Designed and developed** responsive, user-friendly websites using WordPress.
- Skilled in **theme customization**, plugins, page builders, and basic website maintenance.

PROJECTS

E-Commerce Website | 🌐 Website May 2026 - May 2026
Lead Developer

- **Developed** a responsive full-stack e-commerce website using **HTML, CSS, PHP, and MySQL**, optimized for desktop, tablet, and mobile devices.
- **Implemented** four core modules: product browsing, user authentication, shopping cart functionality, and order management.
- **Integrated PHP** with **MySQL** to manage customer, product, cart, and order data, ensuring a reliable and seamless shopping experience.
- **Participated in multi-person projects** and contributed to **open source contributions**, showcasing the ability to collaborate effectively.
- **Conducted independent research** to enhance the website's functionality and user experience.

Technologies / Tools Used : HTML, CSS, JavaScript, PHP, MySQL

Personal Portfolio | 🌐 Website Jan 2026 - Jan 2026
Lead Developer

- **Designed and developed** a responsive personal portfolio website.
- Utilized **HTML, CSS, and JavaScript** to effectively showcase projects, technical skills, education, and contact information.
- Implemented a modern UI with smooth animations to enhance user experience.

Technologies / Tools Used : HTML, CSS, JavaScript

Delivery Management System Jul 2025 - Aug 2025
Lead Developer

- Designed and developed a desktop-based **Delivery Management System** using **C# and SQL**.
- Managed customers, deliveries, orders, drivers, and payment records.
- Executed CRUD operations and implemented data validation.
- Enhanced reporting features to improve delivery management efficiency.

Technologies / Tools Used : C#, SQL

SKILLS

Programming Languages :	Python, JavaScript, C#, PHP, SQL, HTML/ CSS
Tools & Platforms :	Git, GitHub, VS Code, Figma, WordPress, Vercel
Databases :	MySQL, MongoDB, XAMPP
Soft Skills :	Communication, Problem Solving, Teamwork, Critical Thinking, Leadership, Time Management, Adaptability, Collaboration, Decision Making
Languages :	English, Tamil, Sinhala
