- Deadline-driven & organised
- Fast Learner

Language

- English
- Tamil
- Sinhala

Mohamed Ammar

Software Engineer

Pearson BTEC Level 5 HND in Computing (RQF) - Esoft Metro Campus
Aspiring BSc (Hons) Software Engineering Graduate

About Me

I am a motivated Software Engineering student currently pursuing a Pearson BTEC Level 5 Higher National Diploma in Computing (RQF) at ESOFT Metro Campus. I have developed a strong foundation in full-stack web development, software design, object-oriented programming, databases, and modern web technologies through academic and practical projects. I am passionate about building real-world software solutions and am seeking an internship or entry-level role to apply my skills, gain industry experience, and grow as a professional software developer.

Education
